Infection Prevention & Control Health Assistance Team for Nursing Homes

The details

Twice a month
1st and 3rd Tuesday
of the month — **starting**
November 16, 2021

Microlearning
Brief educational topic
followed by Q & A

Sharing and support
Bring challenges,
share solutions

What is it?

This call series will bring together experienced and novice infection preventionists to share challenges, solutions, and best practices. Everyone has something to learn! Everyone has something to teach!

Why?

Nursing homes are required to meet new federal regulatory standards for

- **Infection prevention** and
- **Antibiotic stewardship.**

It's a big responsibility for the infection preventionist and may feel overwhelming. **We're here to help!**
